Dear The Federal Communications Commission,

I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance. An attempt to once again have the little guy subsidize big business will one day lead to the irradiation of my rights-the rights the Constitution guarantees. Maybe it's time for another tea party in Boston!
